SCOUTING FROM HOME Vol. 2

4th Heswall Sea Scouts RN44 Lockdown Newsletter 03/04/20

Hi Andrew or please forward to your Scout.

As we end week two of home schooling I'm certain you're getting to grips with all of your online classrooms and are looking forward to an Easter break of chores and gardening, but fear not we have plenty of Scouty Stuff to keep you suitably occupied, a few chores for your adults in between wouldn't hurt either.

Here are a few things to take your mind off classrooms and maybe get you out into the garden this Easter.

NEW STUFF THIS WEEK

The First Thing...

What is the first thing you're going to do...?

Make a list of your firsts once we are allowed to carry on...

Write down all the things you're going to do first, show your parents, share you top three, keep it safe.

My first:

- Takeaway...
- Friend visit...
- Park visit...
- Shop visit...
- Restaurant...
- Scout activity...

#CampAtHome...

Over the bank holiday weekend we would like our Scouts to spend at least one night under canvas as part of the inaugural 4th Heswall Virtual Group Camp along with our Beavers and Cubs. #CampAtHome

Full details can be found in OSM Events, please click the link below...

Watch Party...

Map Reading...

We have made a playlist of videos which cover the basics of map reading using OS maps, please give them a watch, hopefully we will be back outside very soon.

Work out the bearing your house faces by using a compass, a map, an app or all three.

Try a NEW badge...

Give this badge task a try from home, record your evidence. Let me know how you get on, share it, tag it, show it, send it, and you'll get the badge.

This week's try at home badge:

Naturalist Activity Badge:

Choose a spot in your garden and ask an adult if it can be left to grow wild, it could be an area of grass, a bush or a tree, or all three. Study the flora and fauna (plants and animals) in your chosen area. Study it frequently at different times of the day, keep a log or diary of what you see, when it is seen

and what the weather conditions are like, take photos and video.

Scouty Apps

The International Space Station will be 22 years old this year, find out some facts about it like:

How fast is it? How heavy is it? Does space smell?

You can see it from your garden with the naked eye at certain times of the evening, download the app to find out how.
